

VILLAGE OF WELLINGTON WATERFRONT PARK, 2018

Barth Associates Role: Lead Consultant, Project Manager, Parks and Recreation Planner

Project Budget: \$25,000

Project Completion Date: 2018

The Village of Wellington, FL hired Barth Associates to develop design concepts to revitalize its waterfront park, including the existing Town Hall, Community Center, Community Pool, Rowing Club, and Amphitheater. Barth Associates met with Village staff and stakeholders to discuss project issues and objectives; developed alternative conceptual master plans for the site; facilitated a workshop with the Village Council to discuss the alternatives; prepared

illustrative graphics to illustrate the preferred concepts; and prepared a Phase One Site Plan for budgeting and design. Proposed new/ expanded facilities to activate the waterfront include a lakefront promenade and walkways to connect park venues, a beach and watersports center, a waterfront café, a central multi-purpose events lawn and off-site parking structure(s) to replace at-grade parking, and conversion of the competition pool to a family waterpark.
